FORTY-THIRD YEAR NO. 17.

CEDARVILLE, OHIO, FRIDAY, APRIL 23, 1920

PRICE, \$1.50 A YEAR

STORM DOES MUCH DAMAGE; TRAIN WRECKED

Greene county was hit hard by two successive rain storms, the first about six o'clock Tuesday morning and the other about three o'clock Wednesday. The streams rose to flood stage in a short time and all property in the path met with damage. Locally the water did no great damage other than forcing the papermill to close for a day or so. In Xenia, Newburg and in the western part of the county the flood water did considerable damage.

Masthead creek rose rapidly and for forty-eight hours was on a page. There have been times when the creek was higher but it was not remembered when it stayed as high for two days without receding much.

In Xenia high water did more or less damage to residence property. In Springfield certain streets were flooded. Dayton business sections were not reached by the high water but in North Dayton several squares had six feet of water. This section of the city is always under water at flood stage. The Ohio river at Cincinnati was at flood stage, 50 feet, Wednesday evening.

The flood tied up the railroads more completely than the strike. West of Dayton the Pennsylvania was shut out of that city by a washout. At a point near Morrow the flood, and a landslide caused a bad wreck when the Tuesday morning accommodation train on its way to Cincinnati was derailed. The engine turned over and landed in the river and the engineer, fireman and baggage men were badly injured. A few of the passengers also were bruised by the sudden stop of the train but the cars did not leave the track. The baggage car turned over and the crew worked for two days to get the engine out of the river.

Service to Cincinnati was discontinued for two days. The loss to the company will be heavy. The track where the wreck happened is between a hill and a few feet of the river.

PARENT TEACHERS MEETING

The regular monthly meeting of the Ross township Parent Teachers Association was held April 9 the regular time, 2 p. m. About 70 persons were present, most of whom were ladies. The absence of the men was due to the fact that they were all busy working in the fields.

Interesting and instructive program was furnished by the teachers of the school.

The subjects discussed by each were as follows: Miss Tomkinson, 1st Grade teacher, "Best Methods of Discipline for Beginners"; Mrs. Clarke, 3rd and 4th Grades, "Social Consciousness as an Aid to Discipline"; Mrs. Rogers, 7th and 8th Grades, "Home Study"; Miss Stormont, High School, "The school and social life in the Rural Community"; Miss Northrup, High School, "Student Self-Government"; W. R. Collins, Supt., "Should children be allowed to follow their natural inclinations in school work?"

The next program will be given by the men of the township, Friday night, May 14 at 7:30 p. m. Refreshments will be served according to custom during social hour following the program.

EDUCATIONAL VISITORS

Dr. W. R. McChesney with a flying squadron of Cedarville college students and of which Dr. McChesney is president, made our town a pleasant visit on Monday when they visited our schools.

The Cedarville college is growing rapidly and is fast becoming one of the leading educational institutions of Ohio. They were here in interest of the college and meeting with the senior class not only in the interest of the college but of those who will attend college next year.

There is no doubt but that the college made a wise selection when securing Dr. McChesney to act as their president, a gentleman not only highly respected but of pleasing appearance, a Christian gentleman and one capable of the high honor he holds.

—South Charleston Sentinel.

PRIMARY, APRIL 27.

The presidential primary election will be held Tuesday, April 27 at the usual voting precincts in this county. Another ballot will be handed voters on that day for the \$8000 bond issue to purchase equipment to transport school children to and from school. The present system is very unsatisfactory to pupils and patrons and the cost almost staggering. The board is required under the law to haul the children but cannot do it without this bond issue to get trucks or continue to hire as has been done this winter at a cost far greater than if the board owned its own equipment. Land your vote to this issue as a matter to economy. The board is helpless under present circumstances to provide better service in transportation of pupils.

DAYTON IS SAFE.

The heavy storm Monday and Tuesday nights sent the river to flood stage. Thousands of acres of farm land are under water. Reports are that the temporary dam is holding flood water off of Dayton and it is expected to save the city. The water will be released as the river falls.

BARBER ESTATE APPRAISED

The J. C. Barber estate was appraised Wednesday by C. L. Jobe of Xenia, W. A. Turnbull and T. B. Andrew. The administrators are O. L. Smith and J. Fred Barber.

The farm land was valued at \$145 an acre, there being three farms comprising 307 acres.

The three business rooms at \$11,000 and the residence at \$5,500. The total valuation of the estate will be \$38,000.

FIRE DID LITTLE DAMAGE.

The fire department was called out last Friday morning for an alarm at the home of W. A. Smith in Pittsburg. No water was thrown as the fire had been extinguished by the arrival of the department. No reason is given.

DEATH OF MRS. JOHNSON.

Mrs. Jennie Watt Johnson, aged 73, wife of Rev. Warren Johnson, died of pneumonia at the Epby hospital in Xenia, Monday. She was the wife of Rev. Warren Johnson whom she married in 1882. For about 30 years they resided in Kansas where the husband was pastor of a Christian church. For the past year they have resided with Mrs. Mary Cherry, Xenia, a sister of the deceased. The brothers and sisters that remain are: Mrs. Harvey Nash and Mrs. Mary Cherry, Xenia; James D. Watt, Chicago; Dr. John C. Watt, Elletts, Miss.; D. B. Watt, Xenia; R. C. Watt of this place. The funeral was held Wednesday afternoon.

HOW FREIGHT MOVES.

Few people have any conception of the amount of freight that is moved by the railroads and there is a strike or some disaster in the transportation systems. Since the strike freight movement by auto truck has probably increased two hundred per cent through this place. Truck after truck heavily loaded with all kinds of merchandise has been sent one direction or another. Scores of new automobiles also passed through being driven from the factories for delivery. At the lowest estimate \$100,000 worth of new machines have passed through here the past week.

WILL INVOICE MONDAY.

The Yoder Bros. store and elevators will likely be closed Monday when the stocks will be invoiced by the terms of the sale to The Farmers Grain Co. The new manager, H. V. Ulyke is expected at that time. The company has employed J. C. McCort, a U. L. who will assume his old position previous to going with the Murdock Garage.

HAVING LABOR TROUBLE.

Contractor Hicks of South Charleston has been having labor trouble on the new school building being erected at Newburg. The school board was authorized to issue \$115,000 for the new building by the voters but the lowest bid was \$135,000. Now the voters are asked to authorize another issue of \$45,000 at the primary election next week.

SUGAR STILL SOARS.

Many of the large cities only had a limited amount of sugar on hand the first of the week. In Cincinnati the price was 33 cents wholesale. When the railroad situation clears up and sugar begins to move it is expected to level at about 25 cents a pound and remain there for the summer. This means people cannot afford to can much fruit.

THE LARGEST SCALES.

The Cedarville Lime Co. is having the largest pair of scales in the county installed for weighing heavy trucks loaded with crushed stone. The scales will have a capacity of fifteen tons, the largest in the county.

FARM AND FIELD NOTES

F. B. Turnbull and Walter Ferguson are shipping a car of Angus cattle to Albany, N. Y. for a sale that will be held there May 10.

Indian mound farm, comprising several hundred acres near Miamiburg, has been purchased by Charles Kettering of Dayton. It is understood the farm will be presented to the Ohio Archaeological and Historical society.

Farmers have become convinced that the seasons are changing. There was a time when certain farm work had to be done to insure a crop. If that schedule was followed to the letter today there would be no crops. The spring seems to come a little later each year and the same with the fall. Last year it was Nov. 5th before we had a killing frost. A few years ago a farmer would never think of having his corn planted the first week in June. In those days it had to be in by the middle of May. The same can be said of wheat and oats. With the former if wheat is sown early in the fall years past the fly oats it is late and the weather is not favorable it cannot stand the winter. We used to think that oats had to be sown in March. It is now May first and a large acreage of oats is not planted yet.

The heavy rains have kept back spring work but the grass and wheat will profit by them.

The cost of living to meat consumers so far as beef is concerned is to be no small item in another year from reports at hand. The cattle market has been low, the feeding and there has been a great slump in that line. Western feeders have taken the same position and there is going to be a great reduction next year on fat cattle.

Farmers in making out their tax returns find a new item this year that has never before been on the tax list. This line has been the means of considerable revenue on farms where attention was paid to it and of course the state wants its share in the form of taxation and is requiring the listing of all poultry.

Clark county farmers have not been able to get a change on the program of revaluation of farm land for taxation as laid out. The farmers want a uniform increase on present valuations on the ground that this can be done for a few hundred dollars while the present system is expected to cost the county several thousands.

The freight embargo was lifted here on Tuesday for live stock and Townsley and Ritenour shipped out two cars of stock.

J. E. Kyle sold 20 head of fat cattle that were shipped by Townsley & Ritenour Tuesday. The average was 1204 1-2 pounds. Mr. Kyle has reason to feel proud of this shipment as it was regarded as one of the best that has gone from this market this season. As a feeder he can qualify for recognition in the future having put on 453 pounds in 140 days. Mr. Kyle is one of the few feeders that can figure a profit on his cattle this season having purchased at nine cents and sold at 12.

It is said that the demand for baby chicks this year is the greatest ever known. Every individual or firm in that business is swamped with orders. Poultry at present prices is a money maker and rather than risk the eggs under mother hen farmers are using brooders and buying the baby chicks. Incubated eggs are being sold for five cents each on the chick can be had for from \$17 to \$25 a 100.

Harry Townsley has sold Prince Albert, the Belgian stallion that is known to every farmer in this township. Prince was brought here some time ago by The Cedarville Horse Co. and hundreds of the best horses of the community have been sired by this great horse.

New Jasper farmers have organized a \$15,000 co-operative grain company and will either purchase the Jenks elevator in that place or erect a new plant.

BREEDERS' NOTICE.

Verdun, four year old Belgian, No. 10080, a sorrel with stripes in face, dark mane and tail, extra heavy bone, and with the best of feet, make the season at \$20.

Epi, imported Belgian, dark brown and extra good breeder will make the season at \$20.

Lord Nelson, gray Percheron, will make the season at \$20.

All colts insured to stand and suck. These horses will be at my barn one mile east of Cedarville or Columbus pike. Any mare parted with, owner forfeits insurance. Will try to prevent accidents but will not be responsible should any occur.

Harry Townsley

CARD OF THANKS.

I wish to take this means of thanking the Women's Missionary Society of the U. P. church for the beautiful floral offering and to those friends for their kind assistance during the sickness and death of my husband.

Mrs. Sarah Kyle.

FOUND COAL AT LAST.

The school board found some coal Tuesday at Trebines and six tons were secured that enabled the opening of school on Wednesday, having been closed since Friday.

REPUBLICANS HELD GOOD MEETING

There was a good feast of good things to eat and hear at the gathering of Republicans from all sections of the county last Thursday evening in Xenia under the auspices of the Greene County Republican Club.

John Marshall Mulford, editor of the Western Star, Lebanon, was the toastmaster of the evening, being introduced by A. E. Paulker, former county auditor. Mr. Mulford in his opening remarks paid glowing tribute to Senator Harding as a presidential candidate from Ohio and urged the united patriotic support for a full vote at the primary and again the support of the nominee at the November election.

Music for the evening was furnished by an orchestra and a quartette from Wilberforce.

The first speaker of the evening was Hon. George Clarke, chairman of the State Advisory committee, who spoke of the importance of the county as a club and it was marked one of the best in the state. He dwelt on the many phases of the present administration from the League of Nations to army purchases, etc., as a million of dollars in the hands of a few men and horses and mules for army use during the recent war. Other extravaganzas were also exposed, the closed with an appeal for more business men in politics and more people interested in politics as a cure for much of our present ills.

E. M. Fullington, former state auditor and State Treasurer, R. W. Archer, both made short though short speeches.

Newton H. Fairbanks of Springfield candidate for governor on the Republican ticket, introduced the gathering with the plain message which he discussed the issues as concerned the party in state and national.

The last speaker was Judge R. W. Wamsley, of the Ohio Supreme Court who has in question of industrial unrest the time of the Civil War down to the present and that a condition has always followed a Democratic administration.

DEATH OF MRS. SHROADES.

Mrs. Elizabeth Shroades, aged 73, died at her home at 11 o'clock on Monday, after an illness of two weeks. Death was due to a complication of ailments.

Years had the lived until next May 20 her husband, George, died of about six years ago. She is survived by one daughter, Mrs. Cora Trumbo, who made her home with her mother, two sisters, Mrs. William Beemer of Roseburg, O., and Miss Ella Hutson of Cincinnati.

Mrs. Shroades was a life long member of the M. E. church and was a woman noted for her many good deeds and Christian attainments. The funeral was held from the home on Thursday afternoon, the services being in charge of her pastor, Rev. E. B. Busier, Burial north of town.

STREET CAR HITS AUTO.

A local street car in Xenia struck the automobile of N. L. Ramsey, at Columbus and Main streets, Wednesday afternoon. Mrs. Ramsey and Mrs. William McCampbell were in the rear seat and each sustained injuries, the former being taken to the McClellan hospital and the latter to the Epby hospital. Mrs. Ramsey had a bad gash over the left eye and other bruises while Mrs. McCampbell sustained injuries in the chest and abdomen.

Mr. Ramsey drove in front of the car in making the turn at the corner. He did not see the approaching car until it was too late. The machine was badly damaged. Both of the ladies were taken to the hospitals in the Nagley ambulance. Mrs. McCampbell was accompanying Mr. and Mrs. Ramsey home for a visit. Late reports are that both are recovering from their injuries and the shock.

HARDING OHIO'S CHOICE

No one can rightfully question that Ohio should not have a candidate before the Republican convention when the next president is named. Neither can anyone question that Senator Warren G. Harding should have this honor. As a Senator his record is an open book and should influence Ohio voters to consider their candidate first.

On important issues like the League of Nations the Senator has been with his party and where independent citizens should be found—against it. Constitutional prohibition no temperance advocate could ask more. Neither can those who espouse the cause of the right of suffrage for women.

At the present time the Senator is the target of certain politicians who cannot dominate him and the mails are loaded with eleven hour attacks that should be in his favor.

Senator Harding is not responsible for past or present acts of other politicians. He is conducting his campaign on a high plane and in a manner that can not be regarded distasteful to anyone. He has allowed the use of his name in the interest of party success and whether winner or loser at the primary he will be found supporting the nominees of his party this fall. Those Republicans who wish party success and all others who are anxious for a new administration in Washington can do no better for their state than to send the Harding delegates to Chicago in June in behalf of Ohio's honored son.

Let not the unsigned circular and midnight rider keep you from standing for one who has brought honor to his state by his Senatorial ability.

J. A. McClellan, business manager of the Joplin Mo. Globe, stopped here last Thursday evening on a visit with his mother, Mrs. Lucy McClellan and other relatives. Mr. McClellan was on his way to attend a meeting of the N. Y. A. in New York City.

Contractor Frank Hamm will lay out the new Exchange Bank building today. The site has been about cleared ready for operation. The present cellar will be lowered four feet and as it is in solid stone blasting will be necessary.

The Boy Scouts under the direction of Rev. V. E. Butler will give an entertainment at the Exchange house on Friday evening, April 26 at 8 p. m. Reserved seats can be secured at Johnson's on Wednesday. The boys will sell tickets that can be redeemed for reserved seats. There will be demonstrations of the wireless, fire escape, cooking, bugle call, semaphore signaling, first aid, first aid and other interesting events. The admission will be 25c and the war tax. Take your arrangements to attend this entertainment and encourage the boys in the good work. The South Charleston scouts will also have a part in the entertainment.

HAS WINTER WORN YOU DOWN?

Sickness That Lingers, or Strain of Caring for Others Makes Spring Days Dangerous

GET BACK YOUR STRENGTH

Red Blood Manges Old-time Vigor and Pep—Manges Builds Rich, Red Blood

Perhaps you've been ill this winter or others in the family have, and you have worn yourself out with extra burdens. And now your strength is slow to return.

Week after week you've felt too tired off anything, and have looked out, too—color bad, eyes dull, and no enthusiasm.

When you don't feel well you are not well. Probably what you need right now is the good blood tonic, Pepto-Mangan. Physicians everywhere recommend Pepto-Mangan for run-down, anemic people. Ask your doctor about it. Pepto-Mangan supplies the things that blood-starved people lack. It puts iron and vigor in the blood. It builds the cheeks and restores the hearty appetite.

The blood is naturally sluggish in the Spring and the whole family would profit by taking Pepto-Mangan which tones up and builds up. It is pleasant tasting and soon makes you feel better. Your own druggist has it ready for your call, and in both liquid and tablet form, just as you prefer.

But to be certain that you get the genuine Pepto-Mangan, ask for it by the full name, "Gude's Pepto-Mangan." Look for the name "Gude's" on the package.

Are There Times When You'd Take Two Thin Dimes for Your Car?

And feel you'd be getting the best of the deal? No pep at the corners, no speed on the road, and you'd trade the old bus for the sleeves of a vest?

You're fed up on grief, but you sidestep the blame. You can't get performance on cheap, sluggish fuel. Better switch to the best—

Columbus Gasoline

If you've never used Columbus, load up with a tankful and get set for a surprise.

The smooth manner in which the car throttles down in high and the way it responds to the accelerator will be a revelation.

Hills, which once seemed steep, become only landscape pimples, and you'll sprint past humbled cars that yesterday threw dust arrogantly in your face.

You'll get more mileage out of every gallon than you thought could be put into it, and more real driving joy out of every mile than you've ever experienced before.

That's why thousands of automobile owners play Columbus straight across the board.

CHURCH MEMBERSHIP ACCEPTS CHALLENGE TO GREAT REVIVAL

Sixteen Million Dollar Fund Will be Raised, Say United Presbyterian Leaders After Personal Tours of America

Leaders in the United Presbyterian church, returning from hurried speaking tours to all parts of America, report at national headquarters of the New World Movement in Pittsburgh, Pa., that there is little doubt that the denomination will achieve an overwhelming success in its campaign from April 25 to May 2 for \$16,715,208 to widen the field of church work at home and abroad.

DR. GEORGE E. RAITT

During March and April more than a dozen of the most widely known men in the church visited every part of the country where United Presbyterianism is represented. Enthusiasm for the campaign, which is one of the 30 denominational drives comprised in the Interchurch World Movement united campaign, is steadily increasing say all the leaders.

Rev. George E. Raitt, D. D., general secretary of the New World Movement, crossed the country, speaking at Omaha and Pawnee, Nebraska; Loveland, Greeley, Denver and Pueblo, Colorado, and in Los Angeles and Long Beach, California.

"In one congregation I found that 25 men had pledged themselves to give \$100 each to the movement," said Dr. Raitt. "I found the congregations everywhere accepting their allotments and determined to raise their share of the fund. It is the greatest forward movement in the history of our church."

Rev. J. Knox Montgomery, D. D., president of Muskingum College, brought a similar report after a three weeks' trip through Washington, Oregon and Idaho. "Generally speaking, I found the situation quite beyond what I had expected," he said.

Rev. D. D. Edgar, D. D., of Pittsburgh, Pa., just home from a 4,000 mile trip through the west, said particular strength was being shown by congregations in Texas and California. "Success will be made certain by an active and thorough canvass at the final," he declared.

A remarkable feature of the movement is the announcement from the foreign mission fields that the synods of the Punjab in India and of the Nile in Egypt also will put on New World Movement campaigns. Leaders in these synods are calling for a delegation of workers from the home church to assist them in their campaign which will be conducted about the middle of September.

RURAL CONGREGATION LEADS AMERICA IN RATIO OF TITHERS

Campaigns by dozens of Protestant denominations throughout America to revitalize the Biblical practice of tithing has brought into national prominence a little church in Burgettstown, Pa. It is probable, say churchmen, that no other congregation in America has been able to show such a percentage of tithing stewards, pledged to give one-tenth of their income to Christian service.

The church is the First United Presbyterian congregation which has enrolled 136 tithers out of a total membership of 178. This enrollment is official, pledge cards of the 136 tithers having been sent to headquarters of the New World Movement of the denomination at Pittsburgh, Pa. An unofficial report is that this proportion of 76 per cent of the membership enrolled as tithers has been increased to 80 per cent.

Remarkable enrollments are resulting from the New World Movement campaign for enrollment of tithers and official reports already show enrollment of 12,772 members of the United Presbyterian church.

The outlook for enrollment of 50,000 tithers in the church is exceedingly hopeful," says Rev. J. H. White, D. D., secretary of the movement. "Many congregations have not reported, some have submitted only partial reports and if the present rate of enrollment carries through the entire church we will have more than 50,000 enrolled."

Poetry.

If it be of no use to make men happy, to quicken in them the joy of living, to heighten their pleasures, to dry their tears; if it be of no use to teach them wisdom, to open their eyes, to purify their thoughts, to give them the power to endure, to teach them to be gentle; then, indeed, who may ask, "What is the use of poetry?" But, while poetry can do all these things, I think it must be allowed by the most practical that it has a very important part to play in the work of the world.—Richard Le Gallienne.

Unsatisfying.

The serious and responsible life of an ordinary prosperous man, fulfilling the requirements of our social organization, fatigues, and neither completely satisfies nor completely occupies. Still less does the responsible part of the life of a woman, of the prosperous classes, engage all her energies or hold her imagination. And there has grown up a great informal organization of employments, games, ceremonies, social routines, travel, to consume these surplus powers and excess cravings, which might otherwise change or shatter the whole order of human living.—H. Buy your Ford car now while deliveries are possible. There is only a limited specified number of Ford cars allotted to this territory, and you will be wise to buy one now while we can get cars to deliver. A signed order with us is your protection.

Even our small allotment of Ford cars is not shipped until we have bona fide orders for them. This is because the demand for Ford cars all over the country is greater than the supply or production. So don't depend on spring delivery.

Only so many Ford cars will be shipped in this territory; only so many will be able to get Ford cars. If you would be forehanded and plan ahead, you will have us deliver you a Ford car as soon as possible. Then you will have it to use whenever you want it.

The Ford is an all year utility—in your home or business. Its serviceability, its ease of operation, its low cost of maintenance has made it such. It will serve you this year round. Spring and summer, autumn winter, it is your servant; always ready to do your bidding.

Just Where and How Is the Money to be Spent?

A businesslike Answer to
a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

1. FOR THE CHURCHES WORK
AT HOME. Across fifteen continents, under this head, consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

2. FOR HOSPITALS AND HOMES
Every year thousands of men and women are turned away from church hospitals because of lack of room. The children's homes are crowded to turn away more children than they can receive.

3. FOR HIGHER EDUCATION
Of the 10,000,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the churches. Many of these institutions have no present endowment campaign, but their needs are just as pressing as the needs of larger schools, and you have only to read their list of alumni donors to measure the value of their contribution to America.

4. FOR THE CHURCHES WORK
ABROAD. Influence came first from the Orient thirty years ago; nearly all pleasure are Oriental pleasures. So long as China has only one religion, there are 400,000,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year, one Christian doctor sent abroad is working for America as truly as though he worked at home.

5. PREACHERS' SALARIES
The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than \$20 a week.

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

LESSON FOR APRIL 25 RUTH'S WISE CHOICE.

LESSON TEXT—Ruth 1.
GOLDEN TEXT—Thy people shall be my people and thy God my God.—Ruth 1:16.

ADDITIONAL MATERIAL—Ruth 2:1-4.

PRIMARY TOPIC—The Story of Ruth.
JUNIOR TOPIC—Ruth and Naomi.
INTERMEDIATE AND SENIOR TOPIC—Ruth's Decision.
YOUNG PEOPLE AND ADULT TOPIC—The Power of Personal Influence.

I. The Occasion of Ruth's Choice.
(1:1-15).

On account of the famine in Bethlehem-Judea, Naomi with her husband and two sons sojourned in the land of Moab. After the death of her husband, her two sons married Moabite women. After a time her sons died also. Upon the death of her sons she resolved to return to her homeland, having heard that the Lord had visited his people in giving them bread. Her family went to Moab to escape trouble, but they only got into more trouble. It was not till Naomi was thus chastised that she resolved to return. She had the good sense to recognize that the hand of the Lord was upon her for good. Ruth and Orpah accompanied her. This she permitted, but determined to place before them frankly the difficulties which would necessarily confront them. It was this frank presentation of the difficulties and her repeated urging them to go back that furnished the occasion for Ruth's wise choice.

II. The Trials of Ruth's Choice.
(1:16-22).

Much as Naomi loved her daughters-in-law, she would not have them go into this matter blindly. She wished them to know the cost of their undertaking. She told them the worst that could come upon them, then if hardships came they could only blame themselves.

Note the difficulties which confronted Ruth:

1. No chance to get married again. Naomi told her that she had no more sons for which she could wait. In that day to be unmarried was the greatest disgrace. Furthermore, it was against God's law for the Jews to marry outside of their own people.

2. She must renounce her gods. Her idolatrous worship could not be carried on in the land where God's people dwelt. This was delicately touched upon when Orpah went back (v. 13). Orpah went back when it was plain that there was no chance for a husband. Now Naomi puts an additional test upon Ruth, that of giving up her religion. Naomi's very frankness in dealing with her caused Ruth to be more and more determined to cast her lot with her. No doubt she learned to love the true God through the life of this true woman. She was determined to share Naomi's journey, her home, her lodging, her lot in life and her grave in death, whatever that would be. To crown it all she would renounce her heathen gods and embrace Jehovah. When Naomi saw that Ruth's mind was fully made up she quit urging her.

III. The Glorious Issue of Ruth's Choice.

Ruth was never sorry for her choice, for:

1. She found the true God (v. 10).
2. She found human friends (ch. 2).
As she went to glean in the fields she was led to the field of Boaz—a man of wealth and grace. The servants of Boaz treated her with consideration; even Boaz gave instruction for special consideration to be given her.

3. A good husband and a happy home (chaps. 3 and 4). She not only secured a husband, but a man of God, who had abundance of this world's goods.

4. An honored place in the Israelitish nation (4:13-17). She who had to forsake her own people, she became one of a nobler people.

5. She became a link in the chain of Christ's ancestry (4:18-22; cf. Matt. 1:5). The one who fully decides for Christ and gives up all for him shall get a hundredfold in this life and in the world to come, eternal life.

This story is a fine exhibition of dispensational truth:

(1) The famine in the land indicates the testing of the Jews; (2) the going into Moab, the sojourn of the Israelites among the nations; (3) sickness and death in Moab, the chastisement of the Jews in this present age; (4) the return to the land, the gathering of Israel to their own land; (5) Ruth following, the gathering of the Gentiles through the influence of the Jews; (6) the marriage between Boaz and Ruth, the union of the church with Christ.

Faith in God.

If your faith in God is stronger for every humble task in which you need and get his aid, then that humble task is necessary to the fullness of your faith in God. It will make the music of your life more firm and solid.—Phillips Brooks.

Caprice of Time.
One summer day on the high tide receded off the rock girt shores near Ketchikan, Alaska, a fisherman spied a whitish doughnut-shaped affair which his sense of the nautical assured him was a life preserver. Faintly on one side he could make out the legend "Empress of Russia." Knowing that no such boat frequented Alaskan waters he took it to the steamship office in town where the Canadian Pacific agent told the story of the wrecking of the big trans-Pacific liner off the coast of Japan some time before. Communication with the marine superintendent in Vancouver disclosed the fact that exactly 70 days prior to the discovery of the preserver the Empress of Russia was in a typhoon near Japan and the ship was wrecked. The relic of the ill-fated steamer had thus traveled the whole distance from Japan to Hawaii, thence to British Columbia and on north to southeastern Alaska, following the tropical Japan current in its regular course.

Presidential Inauguration.

March 4 was chosen by the constitutional convention as the time for organizing and convening congress, by resolution of Sept. 13, 1789. The delay between election and inauguration was intended evidently to give legislators and executives time to reach the capital in those days of slow traveling. Washington was not inaugurated until April 30, 1789, because of delays, but his term of office was considered to have begun on March 4. The act of March 1, 1792, fixed the date of inauguration as the 4th day of March.

Trained 89th Division, Camp Funston, Kas. Organized forces to care for returning soldiers.

THEODORE ROOSEVELT'S OPINION

"It gives me great pleasure to endorse the candidacy of Leonard Wood. He is a man of fearless disposition and strikes out boldly for what he considers right. He is a man of proven experience as an administrator. He has demonstrated his ability in Cuba and in the Philippines. He has thought out on liberal and constructive lines the great economic problems we will meet in this country in the coming decade. Under him I feel confident that the country will work forward to a very increasing influence and stability."

Her First Railroad Trip.

To your stories of country folk leaving their native haunts to see the world for the first time, way I add, writes a country correspondent of the London Morning Post, a famous story of our part of the country, about an old lady going for her first journey by train? She went in a terrible state of apprehension, and on arriving safely remarked that the train had been a marvellous one, since it had run over and killed no fewer than fourteen persons. Then it came out that somehow she had picked up the idea, and it had taken firm root, that whenever the engine's whistle sounded it meant some one had been run over on the line; each whistle was the engine driver's apology and requiem.

Dirge Threat.

"Listen to me now, brethren an' sisters, an' particular yo' young lambs ob de flock," the old negro preacher remarked during the course of the service; "dar's got to be mo' solemnness in dis hyah church. Ah ain't gwine to stand no more dis nudgin' and whispert' and gigglin'. De fast time Ah hears a nigger singin' Ah gwine do sumpin' to yo' all." He paused and let his eyes wander over the congregation. "Ah tell yo' what Ah's gwine do. Ah's gwine hab de collection plate passed a second time, an' Ah's gwine git Brur Switty Hicks, what an de middle weight champion prizefighter ob de whole state, to pass hit."—Argonaut.

Anything is Possible.

While one man says of a thing: "It is impossible," and contents himself with saying so, another one passes him and does it. This has been the history of the world's progress ever since time began. We cannot say of anything that it is impossible in this marvellous world of invention and endeavor. We can only say: "It has never yet been done."

Arizona's Buried Treasure. What is believed to be the first clue to the reputed buried treasure of the padres of the Tumacacori mission, built by the Spanish Jesuits high up in the Tumacacori mountains, less than three hours' journey from Tucson, has been discovered by Frank Pinckley, custodian of the ruins. It is the gateway to the mission cemetery. From this gateway, it is said, the plans and maps left by the padres start to outline the way to the buried gold and silver. The Tumacacori mission was built near what are believed to be the ruins of one of the Seven Cities of Cibola. The center region is said to show evidences of rich mineral deposits, which, declare those who have inspected the mountains, doubtless led the padres to build their mission there.

New Method of Color Study. An English scientist has, according to the Popular Mechanics Magazine, worked out a method of taking exact measurements of color. Black, white and gray are photometrically compared with standard white and their composition expressed in percentage of black or white. A color, such as red, is compared with a white surface in a pure red light. If the red appears darker, it is matched with a gray surface under red light, the percentage of black then being the same in both. Assigning the number 25 to red, such a composition as cinabar would be signified by the figures 25, 64 18, meaning red with 4 per cent of white and 18 per cent of black.

Be One of the Crowd. Letter writing and conversation are popularly supposed to be lost arts. Why not revive them? Do not aim to be a monologist when you are in company, but resolve that at all costs you will not be a wallflower or as one stricken dumb. We may not always be in consonance with the opinions we meet. We may sometimes find ourselves in the position of the man who, arising from the ground with his face bruised and battered and his system generally, like Hamlet's time, out of joint, remarked: "I never thought he was strong on the five points of Calvinism, but he certainly has the punch."

YOU!

Take the first train or trolley to Wren's in Springfield—now—this very day. Their APRIL TRADE SALES JUBILEE is on and folks say there's been nothing like it in years for downright money saving on things to wear and for the home. Now, don't put it off or you'll be too late—it ends Saturday night.
